

WELCOME

Alexandria Clothing Company (ACC), one of the Dice Group Companies is a vertically integrated jersey wear manufacturer based in Alexandria, Egypt.

Driven by its founder, he has overseen the transformation of the business since taking over from his father 25 years ago and developing it into the form it takes today. An ever evolving business it has gone from being a boutique knitter selling to the local market to a vertical manufacture incorporating; Knitting, Dyeing, Finishing, Printing, Embroidery, Cutting and Sewing, manufacturing over 45,000 garments a day.

ACC is the countries 3rd largest exporter of jersey wear garments, shipping in excess of 12 million garments per year to some of the worlds biggest and best known retailers. We have established long and successful relationships with those customers because of our continued commitment to a high level of service and superior quality, whilst continually adapting to the changing needs of the consumer, industry and environment.

All areas of social and ethical compliance are treated as a matter of responsibility rather than obligation and we believe it is our forthright approach to this that has ensured that we operate a safe and fair working environment.

Alexandria Clothing Company remains focused on the future but will continue to follow the ethos that has ensured our successful past.

RESPONSIBILITY

Alexandria Clothing Company recognises the importance of all social and ethical compliance and everything that we do is focused on satisfying the requirements of our stakeholders; owners, customers, employees and the community. To ensure that these are met we deliver high quality products and services, offer a safe and fair work place for all employees and do everything possible to mitigate our impact on the environment.

We comply with all of the country's applicable legislation and in many cases surpass their requirements, we are accredited or certified by many of the industries most recognised governing bodies, with regular factory audits taking place. To be approved by such internationally recognised bodies gives us enormous pride in our work but just as importantly it gives our customers old and new the confidence to work with us.

The textile industry is ever evolving and we will take it upon ourselves to ensure that we are continually improving all aspects of how we manage our business.

WHY CHOOSE ACC?

EXPERTISE

We have a team of industry experts and a proven track record for delivering a high quality product and service to some of the biggest retailers in the world.

COMPETITIVELY PRICED

Through a combination of efficient machinery and staff, strong buying power and our geographical location we remain competitively priced on the world stage.

FAST LEAD-TIME

Because of our geographical location, internal manufacturing capabilities and good planning we are able to be highly efficient and offer fast lead times.

STATE OF THE ART FACILITY

ACC has invested \$8 million in new machinery, technology and training over the past 4 years and will continue to do so to ensure that we are at the forefront of technology and efficiency.

CONSISTENT QUALITY

Using the latest machinery, automated technology and best raw materials ensures consistent quality, our fully approved internal laboratory guarantees it.

PRODUCT VARIETY

With a wide range of products, techniques and capabilities we are able to provide for all categories from ladies wear, through to mens wear and children's wear.

CORPORATE SOCIAL RESPONSIBILITY

Ensuring that our products are produced ethically and that our employees are treated and paid well is of tantamount importance to us. Giving our customers the confidence and peace of mind when working with us.

THE PRODUCTION PROCESS

Alexandria Clothing Company is a vertical jersey wear manufacturer producing in excess of 45,000 garments every day. We take our customers products from development all the way through to delivery, our approved in house laboratory ensure that the highest levels of quality are achieved and the entire process is controlled by our fully integrated Arel production management system.

OUR CAPABILITIES

From high volume basics to smaller embellished orders, we are equipped for both ends of the spectrum. We manufacture for a wide range of customers and product categories, where possible we aim to manufacture all fabrics in-house, but when a customer requirement goes outside of our internal capabilities we have an extensive sourcing network to ensure we can meet all of our customer needs.

QUALITY ASSURANCE

Quality is at the core of what we do and our aim is to ensure that every one of the millions of garments that leave our factory every year is produced to the standards expected by our customers.

The use of quality assured raw materials forms the basis of our promise, from yarns and chemicals to buttons and zips we ensure that only the best raw materials are used.

Manufacturing takes place in our state of the art facility; we are using the latest machinery and automated technology to help maintain consistency throughout each process, and our fully approved in-house laboratory helps us ensure that the standards we value are not only met but continually implemented order on order, year by year.

Training is a key element of quality. We work hard to ensure that every member of staff is trained to detect and flag inconsistencies and concerns. Even with the most advanced technology to catch failures it is the diligence, skill and care of our workers that is our guarantee.

FREQUENTLY ASKED QUESTIONS

Where is the factory based? The company is split between 2 locations with the Head Office & main manufacturing facility located in Borg El Arab. The second factory that is solely sewing is located 50km away in Alexandria.

How many people does ACC employ?

We currently employ 2500 people, with many of our staff having been with us for more than 10 years.

How many garments does ACC produce annually?
